Subject: RE: Meeting about NYSDEC 4b Demonstration

Aimee,

I regret that we are going to need to cancel this meeting. The agenda presented below does not line up with the original intention of this meeting (DEC staff giving an overview of LTCP requirements related to the 4b justifications).

Before we reschedule and try to move this forward, Jackie Lendrum would like to speak with Rick Balla. Please have Rick call Jackie at his earliest convenience, 518-402-8165.

Thank you.

Jason R. Fagel

Subject: Meeting about NYSDEC 4b Demonstration

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders or unexpected emails.

Hi Jason,

In preparation for next week's meeting addressing the NYSDEC's draft 4b demonstration, we thought it would be beneficial to go over each of the programs that relate to the 4b demonstration and LTCPs. We propose the following agenda and hope to walk through each item with you all:

1. Integrated Report Category 4b
2. LTCPs and EPA's CSO Policy
3. Listing Waters When the Applicable Water Quality Standard is Not Met
4. Applicable Recreational WQS for Class I and Class SD Waters
5. NYSDEC's 4b Demonstration
6. Select Statements in NYSDEC's 4b Demonstration and Examples of LTCPs

I've also attached a copy of the agenda and a document that includes select statements from the 4b demonstration that we hope to discuss during the call. We will be joined by staff and managers from the listing, water quality standards, and CSO programs and our water programs attorney.

Thank you for the opportunity to discuss the NYSDEC 4b demonstration cross-programmatically, as it should lead to a very interesting discussion. We look forward to speaking with you all next week.

Aimee
